IMPORTANT: Though the MAGNATRAC RS1000 is offered completely assembled, it's still the customer's responsibility to provide competent service ability! The servicing can be provided either by the mechanically inclined customer, or by a local mechanic. Most attachments & accessories are shipped in an easy-to-assemble "semi-kit" form for lowest cost shipping. The PP35 Power Pack, HFH15 Hydro Front Hitch, HRH35 Hydro Rear Hitch are factory assembled. Backhoes are assembled but on secondary pallets. We provide manuals & illustrations for complete service and repair so that anyone with reasonable mechanical skill can perform all required service work. Check the MAGNATRAC RS1000 BUYER'S GUIDE for a list of all standard features. *To be eligible for a FREE DB44 - Dozer Blade you must purchase a RS1000 with either: a MFH15 Manual Front Hitch, HFH15 Hydro Front Hitch or HL295 Hydro Loader with a LM295 Loader Mount. 1 Blade for each RS1000 purchased. Must be purchased at the same time.
